Dear Striking Colleagues - Truck Drivers from Georgia, Uzbekistan, Tajikistan, Kazakhstan and Turkmenistan and Ukraine

We send you our most sincere support, warmest greetings and we pay tribute for your strike at the Gräfenhausen petrol station.

We are a small Marxist-Leninist organisation from Poland. Although from other industries and another country, we are workers - and every worker, regardless of nationality, religion or origin - is a brother and an ally in the struggle! Every capitalist, employer, business owner - exploiting the workers he employs, profiting from their injustice, not paying their wages, employing you, dear colleagues, in terrible working conditions - is an enemy, even if of the same nationality as us.

Lukash Mazur systematically uses drivers from Central Asia and the Caucasus as a business model. He is one of the many pathetic capitalists in our country who employ our brothers from Eastern Europe, the Caucasus and Central Asia for starvation wages and in derogatory conditions, requiring hard work beyond their strength and full of sacrifices. Our organisation has already participated in a picket in defence of one such worker - a construction worker from Central Asia.

Dear brothers, you have been on strike for many weeks now! We are cheering you on with all our hearts! Do not let yourselves be divided! You can't stop until each and every one of you has received all the money owed to you, every single euro cent! Your struggle is a role model for all workers, in every country!

If we can do something for you, please write to us or pass the message on to our German MLPD comrades.

Dear Striking Colleagues - Truck Drivers from Georgia, Uzbekistan, Tajikistan, Kazakhstan and Turkmenistan and Ukraine - we wish you all the best, much strength, courage and steadfastness in your struggle!
